

DECON 30...

- Kills 99.99% in 30 Seconds!***
- One Step Disinfectant + Cleaner**
- No Health Warnings, No Rinsing, No PPE**
- For Porous & Non-Porous Surfaces**
- Pleasant Light Fragrance**

Bactericidal, Virucidal**, Fungicidal, Mildewstat, Carpet Deodorizer

Decon 30 utilizes Benefect's proprietary essential oil Active Ingredient instead of using traditional synthetic chemicals. Additionally, Decon 30 is formulated with a unique Optimized Dynamic Chemistry (ODC) surfactant system that boosts cleaning performance while still achieving hospital level disinfection. The ODC system also enhances mold killing and mildew prevention! The very pleasant light fragrance dissipates quickly leaving no harsh fumes or harmful residue.

Fast and Effective Decontamination

Decon 30 is specially formulated for the majority of restoration jobs (water damage & mould). It cleans and sanitizes in just 30 seconds, making it ideal for fast decontamination of equipment, PPE and even vertical surfaces like wood studs or concrete walls. Now contractors can save time and money by using Decon 30 to clean and disinfect in one easy step!

Safely and effectively tackle more jobs with the comfort and confidence that comes from using Benefect products.

Ideal for disinfecting, cleaning, deodorizing, decontaminating, preventing cross-contamination in residential and commercial buildings, food service, hospitals, medical clinics, schools and government buildings.

Safer, Non-Toxic Products that Work

Benefect's botanical active ingredient is identified by Health Canada as having no known adverse effects to human health or the environment. Benefect uses only authentically botanical ingredients, no synthetic derivatives, petrochemicals or solvents because we believe natural processes always prove to be the best design. Today we are even seeing antimicrobial resistance to quaternary ammonia disinfectants, whereas botanical essential oils have been killing germs effectively for thousands of years. Why would you use anything else?
